Dear Brian,

I just have to write you this time -
I have heard many people call you to
complain about your guests, just as
happened this morning.

I applaud your ability to be decent
when these complaints come in.

Since I do become angry over some
of your guests, and agree so completely
with others, you and everyone at CSPAN
are doing a wonderful job.

Don't Change a Thing.

Everyone at CSPAN is doing such
good work - it is too bad everyone
without Cable can not see the most
informative shows around.

CSPAN is the only way we are able
to really learn the news ourselves by
seeing these actually creating it.

Thank-you -

Respectfully,

Pec. Pal., CA 90272
