Dear Brian -

I feel I can call you by your first name as I see more of you than I do members of my own family.

We are retired and for over 2 years we have watched C-Span - 12-16 hrs a day. So I feel that I have the right to express my opinions.

First let me say that C-Span should be required viewing in our schools on selected programs.

You bring something to the public that is not only unique in its content, with no editorial comment such as the idiots on the network do, but programs of national interest and concern. Thank God for C-Span.

One item of criticism - Your new color format, to me, is distracting. I understand the

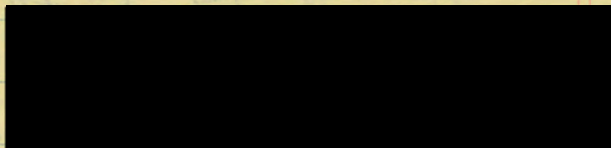

combination of red white & blue. But the red takes away focus on the people - the blue stripes are a real pain - The blue stripe across everyone's body is especially a problem.

I am sure you changed because
you felt it would do
something - sorry to disagree.

If it "aint" broke, don't
fix it.

Finally keep up your great
coverage - it is something
this county really needs -

Thanks again.
