Re: C-span Mon. 11-19-90 7A CST

Although the show was slow moving at times — it was revealing. A caller dove into both of them, ^{Danziger & Lurie,} really roughed. Hardly a fair approach as the caller can see the guest but not vice-versa.

Lurie is a "hawk" to be sure —

(Incidentally he did not answer question as to his Israeli citizenship posed by a caller) Danziger, not a hawk, is really not in the same league as Lurie. Danziger is an American whereas Lurie is Israeli/American. (note order), it seems to me.

Anti-Jewish sentiment hurt Danziger if you judged by his face when under attack. Lurie could care less or perhaps is a stoic.

From watching & listening to C-Span it has become apparent that Jews including American Jews want Iraq knocked out. Notice I said Iraq not "Saddam Hussein." The Jewish technique is to constantly refer to Hussein rather than Iraq. Death and destruction will befall millions of people — but the Israeli supporterstry to brainwash by referring to one individual, Hussein.

Part of Israel's problem is that they think they are smarter than they are. Mama always said, "A smart man knows how dumb he is."

Good health + good news to all.

Sincerely,
