

Dear Mr Lamb,

C-Span is doing a great service for the American People. The things we see on C-Span has been educating us and I am not sure the powers that be want us to be aware. We see very little of what is really going on from what we see on regular news programs. Has C-Span become a threat and are you being held back or taking any black? I watch every day and hear callers who are more aware and taking an interest, this I think is healthy. We should see our Government in action.

Thank You for C-Span
