Just watching your (AIDS) program, 6:00 PM.  
Gun control and aids back to back. Is it really a  
co-incidence?

Why not a program featuring Magic Johnson and  
Sarah Brady? They should make a (complimentary)  
couple. Seems from Johnson's statements, that he  
was "INJURED" by a Saturday Night Special. (SNS)  
SNS, usually encountered in a "CLUB" or "LOUNGE",  
shortly before closing time. Dim lights, Soft music,  
thick smoke, and a soft, sexy voice behind your ear.  
"Are you with anyone?". Usually appears in 3-D  
DeeGenerate, Deepraved, Deezezed.

\* DISCREET handling is advised. If facing door, use it  
if not, MAKE ONE.
