To Whom It May Concern:

I am inquiring of you if you could provide me with the name and composer of the piano piece you play at the end of of the call-in programs each morning and the journalist roundtable discussions on Friday. It has intrigued me for some months and would like to find it so I might play it as well. I am enclosing a self-addressed stamped envelope for your reply. I also enjoy some of the music you play at "Quorum Call" time in the Senate.

I would also like to express my thanks for all the programming on both channels. It has increased my knowledge of how the government works. You are providing a wonderful service for the country and hope that more and more schools become involved in using this as a teaching tool.

Thanking you in advance, I remain,

Sincerely,
