Dear C-Span
"Russian News"

5-28-93

I don't know if it was in answer to my little note or not, but even though this week I had to listen to the 4 ²⁵ AM edition, Pacific Time I enjoyed and appreciated so much the re-adjustment in the volume control of the Russian sound track. (I had requested 30% Russian 70% English)

The beautiful young voices speaking in English are so excellent, and having studied Russian several semesters in school a few years back, I am just delighted when I

can understand some
of the Russian.

As I said in my other
note, it is the high
light of my very
ordinary day to look
forward to seeing and
hearing about the
other side of the world.

With deep appreciation,
thank you for Russian
News and also those
very efficient and
pleasing translators.

Sincerely,
