To Whom It May Concern,

I wanted to drop a note thanking you for your coverage of the pro-life rally April 28th. What was nice was simply your coverage without any commentaries whatsoever. You showed the rally and let the people make up their own minds about the event. That was deeply appreciated. We viewers are reasonably intelligent people. If the media, who has the proper equipment, just shows the events as they happen, we can draw our own conclusions. But first we need the media to consent to televising these events so we can draw our own conclusions. But outside of C-SPAN, most networks generally ignored this 500,000 plus crowd, rally. So thanks once again for the live coverage. As ever,
