Please forward to:

Mr. Brian Lamb - CEO
of C-SPAN.

Dear Sir,

I just watched you on
the WDC - Natl. Press - Lunch.
I loved the story about your loo-
king into the Office asking for
a \$1⁰⁰ job, when 17 you got your
1. break on Radio because of 1 kind
Heart.

This is a 67 year old Lady
knocking on your Door asking for
a brake on All about Books. -
you see I am self-published

Hello "Lambert" I liked that.

for unusual Reason -

1948 - (at age 15 I was forced to work for MAYR's) my ex BOSS was on a
Nazi trial - I was the key witness against this mean Lady, Her Lawyer
told the 3 judges present that I was a liar - THIEF - Seymour -
INSANE - Feebleminded and an IDIOT. - (Didn't work as she got fired.)

1951 - I became a US Citizen and 1952 I want to work with no engl.
know how on my Book - [redacted] A perfect Secretary
corrected spelling + grammar. - I had my husband pay for it by
making a "Hot Check" in advance so he could "cool it." (Long
story.) Author of a Book and publisher "sounder" better than 1944
Titled I had - Monkey - IDIOT - no good for nothing - bread eater
(Brotfresser) people like you and your Mother got no right to live
in Hitler's Reich - you ought to be sterilized and by the time
you 16 you be in a Laborhouse - you work shy.
It wormed me and as an proud US citizen (Nov. 14, 1951) I did
show this ex-Nazi - 1964 - what one can accomplish in the USA
S-BK

2. with guts - Love - courage and true patriotism.

I created a Living-war memorial of which I am very proud.
Have you heard of another german Warbride (1948 married) who
can make this claim?

I had no idea if "self published" people think
"you promote junk." *No way in my case! It takes a special person
of a Publisher who first loves God + America and after that the \$\$.
I am not interested in big \$\$ commercial production per se,*

This is a labor of love in gratitude for 45 years
now in Honor of all who gave Limbs + Life so we can en-
joy the Fruit of our Labor. (you in your speech had gratitude
for the people who created C-SPAN.) This I respect.

I would love to be INTERVIEWED by you. I may be Nervous at
first but you easy to talk to from watching you.

I guarantee you never had anything like this so
unique.

This world needs Love as never before and this is
what's all about. A true Love for God and America.

Will you take a risk?

Remember please the "Break" you got when you interviewed 3 fa-
mous people and had to recode the "empty table." They gave
you the time and patience?

I need some -

PS: My husband and I

↓
went to Aigsbury - Germany
for a visit. I arranged on

6-6-1994 - (D-Day - 50th Ann.)

2 holy masses for

May 8- and 13, 1995

on the 50th Ann. of END
of WW II.

I was liberated by 2 american
Soldiers. (5-13-45)

and your family
Sincerely
