To the C-Span Programming:

Turning on your station  
as my husband does most  
times when we return home,  
I was appalled to see a  
program "Run for the White  
House '96."! What can you  
be thinking of? As we to  
<sup>this is</sup> ~~so~~ impossible!  
~~have~~ four years campaigning?  
You certainly can use your  
valuable time to programs  
that are of more immediate

concerns as your good dis-  
cussions on health care,  
foreign affairs, environmental  
issues. These people will  
be posturing before T.V. for  
the next three years, and  
T.V. is already running  
governmental policy more  
than is good for the Country  
in some areas.

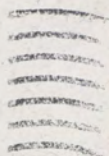

Give us two years to  
let the government work.
