

I watch C-Span Because -

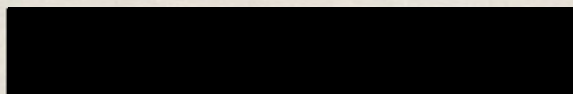

It keeps me informed on all current world affairs, which is very important to me and my family, especially my 13 year old daughter Bobbie, who is very interested in what's going on. Jane + Lino again, she is asked for school current events projects for information which we learn about on your program. It is also a very good program for her because she can understand it well. Not only do you cover world affairs but you cover just about every thing an American family of today needs to know, and to think about. Your home viewing input on the phone lines is an excellent part of your program. All and all we all enjoy your C-Span programming.

With my Compliments
