Ms. Chairman,

You're always good, but this time you were a few steps above good. I think the audience was just giddy with rapture — and the Close Up old timers felt as if their time was up — and they had been called to heaven.

Thanks for your wayn words —  
Thanks for just being Brian Hunt.  
It's hard to remember a time that I enjoyed more — or carried more meaning.

I'm still going to call for lunch.  
Really look forward to it.

Best regards.
