Dear Brian,

Thanks for C-Span & your being there for the people of this Nation! It's truly sad that every home in this Country doesn't have C-Span & C-Span II as the network media MISLEADS & MISINFORMS the public on a daily basis.

You had a lady Caller who praised your C-Span & then made a stupid mistake by saying "you should be a part of our Federal Govt!!" It is because you, ^{& C-SPAN} are

Not employed within the morally bankrupt Federal Govt., that the public receives unbiased information 99% of the time.

Here in the greater L.A. area, Terry Reed's book "Compromised: Clinton - Bush & The CIA" is in 5th place on the Non-Fiction book list. If you haven't read it, I strongly urge you too. The gun running, Cocaine smuggling & money laundering DID happen & MAY still BE happening today.

Why do I say this? "DEFRAUDING AMERICA" by Rodney Stich will more than confirm the drug smuggling plus the \$600 BILLION stolen from the American people from S & L's and Chapter 7 & Chapter 11 bankruptcy cases. Too many people DON'T READ enough when it comes to newspapers, magazines & books. They read but one newspaper & foolishly accept the network news as

truth. I've wished CSPAN & CSPAN II had their cameras in the Ways & Means Committee room & in the Taxation Committee rooms on the regular basis that the House & Senate & other Committees allow. The public is kept too ignorant of what goes on in these ^{FIRST} two Committees & that's a CRIME!

Another book to further support Reed & Stiche's books are "THE BIG WHITE LIE" by Mike & Laurie Levens - more info on how morally bankrupt elements within our Federal Govt. are!! Those who ALLOW these elements to continue their drug smuggling & STEALING from the American people are NO better than the smugglers & thieves themselves!! The printed media & TV media compound the problem by covering-up for those involved.

As to the current Administration -
Fabian Socialism is their agenda
& IF the people all across our Nation
don't wake up VERY SOON - We'll
be a 3rd World Nation with
no middle class.

Thank's Again for C-Span
& C-Span II. Radio & your C-Span
plus a few of the other Cable
stations, seem to be the only
electronic ~~source~~ source of infor-
mation that has creditability.

Mr. Clinton is a disgrace to
the office of our Presidency & I
truly hope he'll be forced out
& booted out of office before
Veterans Day 1994.

Sincerely

P.S. We Call Dole, Mitchell, Foley' CONSTANT-
ly demanding a select Committee
hearing on Mena, ADFA, Dan
Laciter & Jackson Stephens Investment-
ties

Too many of us feel R. Fiske in Arkansas is just a "Container & hider of evidence".

Washington is Rotten @ its Core & has been for too long. Republicans & Democrats alike are DIRTY & NEED EXPOSURE to the American people who's trust they've sold to Lobbyists & PAC money, not to mention laundered DRUG money!

BCCI & BNL were swept under the Rug by Congress & Justice Dept. And I'm sure you'll recall FISKE was connected with Walsh who stumbled & fumbled & wasted \$30-40 million tax \$\$'s as Clark Clifford & Altman WENT SCOT FREE!! Fiske "owes the Democrats one!"
