Dear Mr. Lamb,

I've always enjoyed C Span but now I'm ~~sure~~^{not} so sure.

I believe Paul Rodriguez of the Washington Times was untruthful when he stated you couldn't find records in Little Rock.

Kathy Kiehl, Houston Past & Michael Duffey are also part of the mob who are Out to destroy Pres. Clinton & it's the Country that suffers.

Reagan & Bush were not investigated for 20 years prior to becoming President.

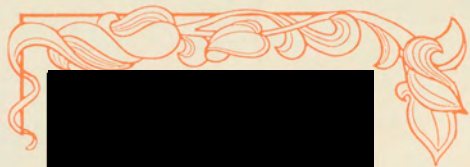

Can't you do something to give Clinton a break - He has put some things Out (Health care, Crime, welfare, etc) that no one else has had the guts to even talk about.

I thank you,

Every Senator & Representative up there should be investigated by a Special Counsel for the last 20 years. I'd like to see their tax returns since 1977. They all might wind up in jail.
