

Aug 10-Martha Barnett, President-Elect ABA:
The ABA has just "blotted its copy book" as
the Brits say. How? By telling the world that
as "Officers of the Court" they use a double
standard. For example, one for a Dick Nixon and
another for a Bill Clinton. Nixon was "toast."
Clinton, a known transgressor of the Law, is
treated as if above the Law by the ABA. Not
to forget, it also honored a proven embezzler,
tried, convicted and disbarred: Hubbell. Absurd!
The ABA mocks the Rule of Law, and makes itself
beneath contempt in the minds of We The People.
