Mr. Gamb

I am a C-Span "junkie". Use your pro & con phone numbers for a poll if you want & if there's boredom use your numbers once in a great while - BUT do not give up the right of people freely speaking - let the voice of America ring true & through. Your structure is what makes C-Span great. To continue with these pro & con phone numbers takes away from your integrity!

If this is a plan of action - then please reconsider. I have gained enormous knowledge from C-Span. Every House & Senate member on your program gets a post card from me. Among other things, they all say: R. Perot started it
C-Span is continuing it
you, Sir, finish it

Don't fail us,
Mr. Gamb
