Brison - your program promoting the book, The Year of the Rat, by Mr. Triplett & Mr. Timberlake, was for me, another tack to drive deeper the impeachment charge against the President.

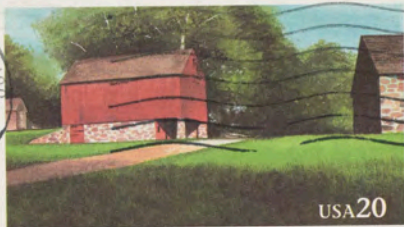

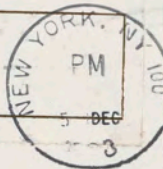

Their sub-title referring to the President selling American technology to the Chinese for cash is tantamount to calling the President a traitor. Can they prove this? It's too easy to accuse and try to bring someone down.

By the way, that prosecuting attorney, Mr. Smoltz would have never made such a stupidly asinine, yes, racist remark, if Mr. Espy were white.
