Dear Mr. Lamb:

1. When one of your callers mentions Ms. Madalyn Murray O'Hair and the fact that "her son" is a born-again Christian and fights against his mother's stand on prayer in schools, please remind the listeners and caller that Ms. O'Hair has at least one other son, John Murray, who is President of the American Atheists and works closely with his mother in Austin, Texas. They tape a 30-minute discussion between the two of them which shows on our local community channel weekly. They are bright, well-informed, unaffected people acting to balance the ferocious attack on our civil liberties by the religious right.

2. Isn't the black muslim attacks on Jews rooted in the Islam/Judaism struggle in the Middle East transmitted to them by muslim zealots or by the pilgrimages of black muslim leaders like Malcolm X there?

Very truly yours,
