Dear Mr Lamb

I'm glad I waited to write to you about your allowing Chris Mathews to call the President an S.O.B.

Every morning when I wake up I watch your program, no matter how late I go to sleep.

I'm a political junkie, a LIBERAL Democrat and have never used the abusive, venomous degrading language against any of the Presidents. The most was stupid.

I just finished watching David Gregory and he quickly shut off one of the callers when he called one of his guests a slight da whatever he said.

I have one suggestion. All your interviewers, who I think are great, should immediately shut down anyone, who, like that foul-mouthed Chris Mathews ^{who said} because this is America - should not be allowed to get away with it! You should have said - cut it!

I think you're great and respect you very much. Please take my suggestion.

Chris Mathews - on his program called the President - a "communist" and he saying "you - S.O.B. - liberal" he should not be allowed to use that language on your program.

The last time I wrote to you
was in 1992.

In checking the date of your
reply - it was Sept 8 - 1992:
what a coincidence.

I was born on Sept 8 - but it
was 1926.

I love your program because
you have all side of the political
spectrum.

I've tried to call for you but
can't get through. I'd love
to speak to one of the Republicans.
I don't believe any of them.
Those moral goodies can't
take the heat.
