Brian Lamb:

This morning, November 13, I've never seen such an interesting and common sense guest on your Journal.

Balint Vaszonyi is of the same mind as I. It was wonderful hearing his remarks about the Socialist danger in this beloved country. I've been preaching this same subject, especially since 1992. But there are so many uninformed people who just watch and take the word of the television news (slanted unabashedly) and fall for the pure lies and propaganda of the Leftist Socialist party. Most modern

day democrats.

I agree with all the prior he postulated today. The callers were ignorant, and the women's views in regard to Clinton were octeally stupid. A lie is a lie, is a lie. I can't abide ignorance.

This Hungarian man was a dear. He was better at the job of upholding our Constitution than Americans are today. I wish I could convey to him how grateful I am to hear actual truth and common sense.

It's too bad that we don't have hundreds of the likes of Balint.

Most sincerely
