Dear CSPAN.

Your wonderful program  
make my life more fulfilled  
I am in Wheelbarrow - ~~Homebound~~  
I love Classical music and  
mess going to Concerts.

Every day I look forward  
to your lovely Music so  
fitting the Subjects, I believe  
this soothing music is like  
oil on a choppy sea.

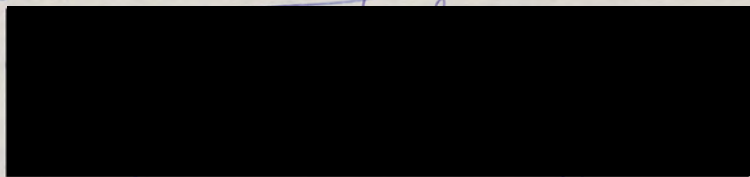

Who can be angry when  
Beethoven's music is played.  
Please don't ever change  
and put "Education Talk"  
on instead of it.

I also find CSPAN very  
educational

Why dont you ever have  
somebody from Common Cause  
or Liberty Lobby on?

My only compl is that it  
seems the moderators are a  
little to generous with  
answers time when it  
has to do with Israel

Sincerely,

NYC 10023
