To the fine people of C-Span,

I have been a regular watcher of C-Span and C-Span 2 for the last six months. It is the only place on T.V. that I feel is fair to all points of view.

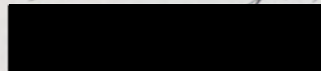

All of the interviewers are fair and even-handed. To this day I cannot discern what biases they may have political, or otherwise, which is true only of C-Span.

I enjoy the call-ins, and feel if you change your policy to screen calls to have even pros & cons, your presentations will be "managed" just like all the networks.

In taking random calls you
have the ability to take a
true reading on the pulse
of the nation.

By all of the plaudits
you receive from callers,
why fix something that
isn't broken. You are great
just the way you are.

Sincerely,
