

Brian Lamb..Democrat Consultant

Let's see now..First the indecisive Lamb started with phone lines that gave anyone a chance to get through. But the so-called fair person realized that his ilk could not get through as much as he would want. SO, even after promising that, after the election, he would revert back to normal lines, the phony Lamb then started the three line..Then he would only allow those that read a newspaper and talked about that subject...Then the fake Lamb put in lines denoting political leanings. That was not enough. Then he had lines made up as Liberals/ Conservative ONLY. This jerk cannot make up his pea-brain mind. What next..Homosexuals and Straights..Catholics/ Jews etc etc..BAH.

where is his help-mate. [REDACTED] ???
