C-Span Washington D.C.

To all the wonderful people of C-Span.
I love your programs, watch every
day. It is the best program on
T.V. One I hope more younger
people would watch.

It always surprises me that so
many men call in, on your call in
program, which I think is great.

I have tried many times to get C-Span 2
on our T.V. so far I'm told not enough
request. Not letting our wants known
is why this country is in shoddy
mess. Few people will write their
Congressmen - Or too you.

One can tell what party a person
belongs to - on call in, or guest's -
almost their first words -

But, most people won't believe
lack of jobs is the cause of so much
unrest - Idle people has always
caused unrest, I wish this President
would realize this, But he is not
interested in poor people -

He sure is a traveling President -
President Bush seems to take this
office as a vacation office - nothing
is better than under Reagan. The
U.S. Citizens will be paying his (Reagan)
fast living bills for many, many
years - Reagan made himself and
many other's millionaires -

Keep up your good work -
have people on your show that
tell's things as they are - Not
what politicians want us to
believe - Washington Lies too us
Every day - They think we are
all dumb voters, why we
are - we sent the same people
back to Washington - unless time
one can serve Congress or an age
limit, it won't change -
people don't vote - because they
think it won't do any good. But one
vote by many would count -
Thanks so much -

Sincerely,
