Dear Sir/Madam,

I saw a repeat of the
Monday (10/26/92) broadcast
last night (FRI 10/30) of
the Rodney King beatings
narrated by Sgt Koon LAPD

It was great & refreshing
& I couldn't believe even
though I saw it before that
all those police officers
could beat up any person like
many thought they did -

There was much reflection
on the narrators speakers TV
set & you couldn't see clearly
what was going on but.

I got the general picture
in my mind's eye. I'd
like to see a better
picture & have it shown
on all the networks
and a retraction of
the beating that
precipitated the LA Riots.

What a damn shame!
Thanks for the C-SPAN II
broadcast.

I've seen (my family & friends
too) many great things on
both C-SPAN & C-SPAN II
Thanks again sincerely, D. J.
