

10/1/98

Long ago I started turning off the news when I heard the word Lewinski. I'm disgusted with the constant coverage.

I realized to day that I'm not watching the news very often. I'm not watching the programs following the news either because I've turned off the TV.

An off TV means I'm not listening to the commercials either.

Paigheepsie. N.Y.

O.C. Lew
