

April 13th  
S. Amer Pres

Dear Mr. Lamb

Saratoga Springs NY 12866-1013

I am what they call a C-Fax "junkie" and enjoy and appreciate particularly all of the programs.

I have been particularly pleased and interested in your current "Presidential Series." They are so informative and interesting.

However, I would like to mention one thing. I have not heard any mention of George Washington, so far, neither John Hancock, whom, as you can see, by the enclosed, was actually the first president, albeit of the Continental Congress, yet, of course, elected by popular vote, but still in essence elected by Congress.

I would think it appropriate for one of the historians to mention it as a matter of interest, and also historical.

Being a former Librarian, I have less access of the class, but have found very few people who are

area of it.

Craig, may I say, how much I enjoy C-Spec. I look forward to weekends to hear and see your "folk" program they are fascinating.

Sincerely

Saratoga Springs, N.Y.
