Dear Brian Lockman,

Your video tape and your comments on your experiences in Moscow were the best information I'd seen on TV regarding the USSR, Russia, or whatever it's called today. Your tapes showed the people in their daily lives. The subway ~~scenes~~ were so nice. I loved the walkway down to the subway. I loved the fact that they hadn't been edited. I felt that I was viewing truth. The Soviet people are just that, People. The American people are just that, People. As the peoples of the world learn the truth that we're all very much alike, PEACE will begin to occur.

I did tape 6-7 hours of the tapes you showed. The men at Radio Moscow were terrific. I felt I was hearing truth. I thank you. There was much to be learned and I hope that there are teachers who will be able to share your tapes with their students.

I enjoyed the remarks you made about the beginning of C-SPAN. I know that I hear more truth on CSPAN than any place else. My sons call me a C-SPAN junkie.

When I watch I always remember my government professor back in 1951. He would've loved C-SPAN.

I enclose a copy of "The Future is Now"
It deals with the world healing
meditation. Dec 31, noon greenwich time
is the time for it. Will be 7 AM EST.
That entire hour is devoted to the
Meditation. Millions of caring people
world wide will be involved. The first one
occured in 1986 and the number of people
involved has increased by millions each
year. I hope that C-SPAN will feel that
it will mention it and perhaps have a
call in on it. Again, it's about caring
people and I find the people a C-SPAN
the most caring on TV.

Thanks for C-SPAN, I enjoy watching
the Russian newscasts, Also enjoyed the
coverage you did on radio talk shows. Enjoyed
KING, Seattle and KMOX St. Louis very much. Would
like to see what they're doing now.

Peace,
