Dear Brian:

Thank you + all the decision-makers from C-span for your new series on American Presidents - I can not think of a more special way to bring 1999 to a close -

The times, Monday @ 9AM + Friday @ 8PM are perfect for people of all ages + ~~pursued~~ pursuits -

I discovered C-span about 6 or 7 years ago + I can't tell you how wonderful I feel it is -

If its not Jim Lehrer + the News Hour Hour, its C-span -

Also, today's talk with Deborah Mathis was extraordinary - I wish I could know her

(over)

in person or at least see her on the "telly" often —  
I don't know what papers she's in, — we live  
in Rockport, Maine now + read the Boston Globe +  
the Sunday New York Times, but I don't think I've  
come across her

CURTIS ISLAND LIGHT Column —

I will pay close attention now, but if you folks  
do come up with a list of papers, I  
would appreciate a copy —

CAMDEN, MAINE

Thank you for your efforts — The fact that  
people of all persuasions call in from all over  
the country helps build an indefinable sense  
of unity with diversity —

Sincerely,
