Dear C Span,

In just a few days another ^{new} year will welcome a New Congress and the State of the Union Address by President Bush. Hopefully we will not see War in the Persian Gulf - but a Peaceful end to the Invasion of Kuwait.

I am writing you especially to tell you one of the best Christmas Presents I have received in recent years, was last years Christmas Present when my Son or Daughter in Law gave me C Span. C N N and Headline News - I especially like C Span - it has been a history lesson to me - I know more about my Federal Government World Government etc. I especially like The Call in Shows. I especially like Brian Lamb (he seems to be more knowledgeable in his questioning of his guests - he knows the topic - he is also a good listener - he does his home work. I also like the Woman who is the interviewer on International Correspondants - she asks good informational questions and gets better responses than the men who also interview the International Correspondants - Her style is more easy going like a Kitchen Table Discussion - I also like the Congressional sessions - The Senate Ethics Hearings (I think

The 5 Senators that are on the carpet are Whipping Boys -
Scape Goats - that has been pursued because of Media
and the Outraged Public who have been ripped off by Our
Our Government - which also includes the President and
His Administration - Our Congress (mostly Democratic
members) have been blamed for all the mistakes that were
made by the last 2 Presidents and their Administrations -
by twisting the Arms of Congress - they got a black
check for the Pentagon - The Iran Contra Scam (that
Congress closed their eyes to) No wonder the Keating 5
have been selected to suffer the rage of the People -
Its the Famous Cover-up of the Republicans to
save the Neil Bush's and higher up Republicans -
Look at all the indictments in the Reagan-Bush
Administration - that were never pursued like the 5
Senators - and just faded away when George Bush took
over. The White House (those White House Basement Ghosts
are just lying dormant - until an aggressive investigative
Reporter is brave enough to expose the Truth.

I would like to see C. Spear have all the
Investigative Reporters who have written or discussed their
Investigation and if they have Proof - I don't think I am
the only American Citizen who is not satisfied with this
Scam of the 1980's that was left hanging - never rounding
up all Participants and reach a full account of guilty or
innocent of each person's involvement - including the whole Reagan

Bush Administration.

I also ^{would like} some time while the New Year is still young - have a discussion of either top Media Reporters or Commentators - or past Presidential Candidates who did not win - discuss just the Good that Happened during the past Presidential Administration President Carter has been touched on all the negative in his 4 years and it never ends - He was the whipping boy of the 70's and 80's and it will carry on through the 90's. If your guests would center on Presidents and their Administrations - beginning with Nixon - Weighing what each President Accomplished for the Good of the American People who elected them - number their Accomplishments # one as the most good for Our Country and its Citizens - # two next and so on. We have been too quick to ~~criticize~~ criticize and not looked at which President did the most for the People who elected him.

Thanks so much C Span - I have no negative opinions of C Span - if you were a Recording Star - you would only have a Platinum Trophy to display. Don't charge - don't even allow Censorship of your Programs - just get better and better.

Sincerely,
