Guar Lamb C-Span

Being old, I sleep very little so I watch C-Span political programs - interviews - etc and enjoy the service C-Span gives - It's so refreshing after dealing just bible thumpers, "sickos" telling their troubles to Donahue, Oprah, Rivers, Sally, et al "soaps" etc.

Could our government be loaning money to foreign countries, instead of stimulating our own country, because the money loaned belongs to a foreign country? (I understand we pay \$1 billion per day on interest alone on our debt - to whom? Why doesn't taxpayer know - or why aren't we told who loans us the money? & how we remain a world power?) - I never studied any economic course that fits this picture! Keep up good work & tell Ted Turner he was great in interview with L. King (surprised me - thought he was a snob & a bore!)

Why couldn't C-Span show us what they do with drugs confiscated from ships or planes - we hear "15 tons of cocaine etc etc" - then silence - why not public distribution?
