changed mind, Larry
using regular programs,
separate letter to him re advance
announcement

This is not trying to sell a VCR Plus!
I learned about VCR Plus a few days ago, purchased
one and found excellent instructions and excellent
800 number assistance. After programming this
remote unit one time, thereafter all that is
required is punching into the program code
as red underlined on Exhibit #1, this number
is good for all time zones! After this, VCR
turns to Cable, time program on and off,
automatically. You can have entered as many as
fourteen numbers at a time, the self clear, make
room for others.

The attached exhibit shows the mentioned numbers.

It would be a well received service when announcing
future programming, including reference to future
rescheduling, if you "put on the screen" the
Plus number for the event for your viewers,
or put on the screen a telephone number
to call at your headquarters. Some VCR are
now offered with the Plus a part of the unit, making
number availability more desirable

age 71

Please excuse handwriting, spelling and form,
age 71.
