This is a personal note of thanks for your complete coverage of the April 25 March on Washington. It is very sad that many of our nations people cannot let go of the hatred they have for Gays and Lesbians.

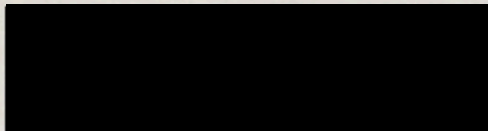

What has long amazed me is that they encounter these Gays and Lesbians in their day to day routines and don't even know it. We are in every walk of life and do excellent jobs.

I have been at my job in social services for 14 years and am a well respected supervisor. My colleagues know that I am a Lesbian and it doesn't make any difference. My dedication to the runaways of Dallas County makes its own statement.

I personally appreciate the coverage and encourage you to continue offering programs devoted to lesbian, gay and bisexual subjects.

Thank you again.

Sincerely,
