

Dear Bryan,

April 29, 1994

Congratulations C-Apan!

After watching and listening to the panel of journalists on Friday, April 29, I could not help but compare them to the rather sorry lot that appeared the previous week, Friday, April 22. The messrs Wicker/Boas/Phillips allow us to understand the importance of experience, accompanied by a broad overview of history, that leads to balanced & intelligent analysis of events and the people involved in them. Thank you for the caples network!
