My opinion of C-SPAN ranges from excellent to good. The interviewers vary as do all humans do.

Our favorite is Ms Duain as so far he tried to maintain a neutral presence.

I'm sure you are aware of the definite "leading question" interviewers and he been known to interrupt and cut off callers that is the blonde, wears glasses and either during the course of an interview or talking to caller that really represents an interviewer that is biased and play his part interviewers and you'll see his action.

My comment you may use on your listeners viewer board

" C-SPAN has shown objective news can be presented. By showing CONGRESS to the television audience C-SPAN offers how the tax payers money and elected officials are being spent and used and in some cases abused.
