Dear Brian Lamb,

I managed to get up at 5 this A.M.
Another good interview with
Thos. Edsall. You have the ability to
choose such "good thinkers". I daresay
you are one, too.
— Bush's veto of Civil Rights Bill
should guarantee his removal from
office at our first opportunity.
Oh God! Where is there a statesman
& humanitarian of the caliber of
Adlai Stevenson?? Perhaps Richard Lamb
of Colorado.

Sincerely
