discussing political conventions.

First of all I don't believe I
certainly don't believe any newscasters
all on stage.

Second of all the political conventions
are discussed like how the conventions
are put on like a SHOW BIZ show.
production - T.V. cameras etc.

I don't watch conventions on any
T.V. shows including - C-5 par. I
don't even watch conventions of my own
party - Hot Air.

If the public in U.S.A. looks at
every small inflection of the person
making a ^{speech} And if the person
has make-up on - and is handsome.
they certainly are a "Superfluous
Society".

They should just skip conventions.
It is an excuse for party. Like
eat + drink - waste of time + T.V. time.

Over I look at how the politician votes on issues.

The T.V. people and reporters
act like these politicians are our
savior or something. I would be
careful about following any
person. Like a sheep.

The politicians Dem or G.O.P.
all say and do the same things.
They all lie like the same thing.

In looking at any third
party.

Thank goodness for Mute
OFF and fastforward on TV.

We want substance not
Show Biz.
