Thank you CSPAN

I have watched The NOMINATING
Conventions for years -

But this year - since we
have cspan is the first year
I was able to see it all -
without the "commentary"

by ABC CBS NBC -

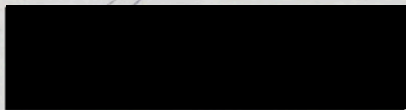

What a shame they deny
the public from hearing
the speeches.

Who cares what they think.

I have been wanting to write
you since the conventions

But just caught your address
the other eve.

Thanks much for fine
viewing
