Dear Brian Lamb -

I hope you still read handwritten letters.

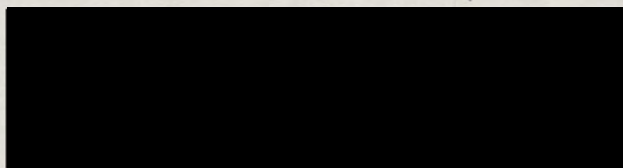

Cong. William Goodling and the Brother from Catholic University were delightful and I hope you will find an equally good one to share the program with Dr. Pat Robertson soon when he can be the guest on C-SPAN. He is founder and CEO of Regents University. His innovative program of Operation Blessing is a great lesson about charity giving. Dr. Robertson is an "on the scene" expert of foreign policy also.

Please explain the black-out of him regarding C-SPAN programming. I really

(over)

want to understand as I  
have watched C-SPAN since  
its inception and am totally  
committed to it.

Respectfully,
