Dear Speaker ~~Mr.~~ Gingrich,

First let me tell you
I'm an 81 year old Senior
Citizen and have seen a
lot of things come and go.

To date you have done
a fabulous job.

You have some excellent
ideas and you all - Senators
and Representatives, should all
be commended.

Never forget Nov. 8, 1994,

If some things you feel
according to the Contract may

not work out completely -
the Americans will remember
you changed things for
their best.

You are [^]cleaning up the
mess 40 years of Democrat
rule put upon us.

Hold back a little bit
on praise for Democrats.

Ask to see C Span Tapes
from Jan. 1992 to election.

Every Democrat in the
House blasted President Bush
and thought nothing of it.

Be very careful - These
folks have had 40 years to
learn such terrible words.

They've forgotten Nov. 8th 1994
already.

The  Republicans
better not. I pray for you all.

Sincerely,
