

Dear C-SPAN- First, THANK YOU FOR C-SPAN!

Re your Washington Journal: Please do alert your screeners. A lady who originally said she was from Conn. now calls many more times than 1x/mo. Shreaking her hate for Ken Starr + "right wingers". Last week she even phoned twice in 1 program using different parts of the country. Her voice is most distinguishable and I'd be grateful if she could be curtailed to a once a month call - as required for the rest of the country. Hearing her fanaticism once a month is more than enough.

Many thanks for your
continuing superb services
