

Hello C-Span, *Wet* 3/12/95

Thanks so much for giving us the whole picture. I have listened to the sound-bites (bytes)? on other channels especially regarding African-American leaders and politicians and when I listen to your channel I always get a clearer understanding of what was actually said. Quotes from leaders like Minister Louis Farrakhan, Rev. Jesse Jackson, Dr. Foster are many times taken out of context. Thanks so much for your fair reporting the majority of the time.
