C-Span -

I am writing to you to protest the unbalanced reporting that your program has presented since the crisis developed in the Persian Gulf. C-Span, which had been my favorite cable station has degenerated into Anti-Israel bashing. Your constant interviews with spokespeople who espouse an

anti-semitic viewpoint is a clear example of biased reporting. In addition, your benign tolerance of hate phone calls is very evident.

Consider how many acts of recent anti-Semitism can be attributed to programs such as yours.

Yours truly
