War in Kosovo +
Serbia

Gentlemen:

I try + try to get through on
liberal-moderate or conservative ^{line} And call
from Pleasanton, Calif. Tonight is Mr. Dumb
Kovach (I think) from Greece.

Everyone avoids the real issue - This is a
religion war. Why is USSR in the Mediterranean
with their ships? Why is NATO bombing? Why is
a christian coalition bombing a christian sovereign
nation? Because they are afraid of 500,000 -
to 1 million Islamic well financed soldiers
with the finest munitions storming into the area
and taking care of the problem! This many soldiers
fighting for their Islamic brothers, even if they lost
many-many lives would only be a drop in the
bucket in the population of Islamic peoples of the world.

O. Kosovo

Think about it - I call upon the Islamic
nations & count them up - Quite numerous! All
they need is volunteers. To die for Allah, especially
at this high time in Islamic life is very
praiseworthy and would be praised by Allah.

I may be paranoid about not being
able to get my views through on your programming
but night after night - phone call after phone call -
something is fishy! I left one option on your
recorded messages - now my apparent
connection capability is kaput!

I am a Christian & am ashamed of
the Serbians and their ethnic cleansing (genocide)
of Muslims. It is time for the Islamic
nations to react with their guns - Rockets -
weapons of mass destruction & lots of money!

P.S. & think what all
neighboring countries
would think about
Muslims taking care
of the problem - no
more Serbians! Nothing
left! & would they
stop there?

Thank you
Sincerely
