C-Span,

Thank you for your interview with
Doug Grantz, L.A. Times and Ed Turner, CNN, ^{for}
Ellen Hume.

The death of Vincent Foster is the issue
uppermost in my mind and soul. Good friend, Bus.
Associate and perhaps intimately known to
the Clintons (particularly Hillary) commits
suicide on the Inside Beltway's yawns, and
No, hums, mumbles & excuses 'Wash. too tough'
etc. No outrage from media, no investigation
Nothing! Police did not even question the
last person he spoke with, Pres. Clinton.
Follow the paper trail in the White Water
paper trail and the \$. A loan of approx
\$300,000. given to Ms. McDougal, who did not
qualify for the loan. Who is she? She was
Gov. Clinton's partner. Lies - Pres. Clinton
admitted wording very carefully his reply

when asked if 'papers' were removed from Mr. Foster's files before authorities came in... His carefully worded reply indicated to the public they did not. Now they say, 'they will turn them over if asked'... How conflicting and/or one questions & reports on answers.

It's precisely because he is our President that we must know... the death of a friend taken so casually, notes found long after search of premises - How can this investigation disturb their Christmas? They do not appear to know the meaning of it... If innocent they would want to know did Hilary being the most intelligent lawyer and ^{our} Co-president could legally sue for slander on behalf of the sworn in President, why not exonerate herself at least, She is known by Democrats and Republicans alike as a genius, I would want to end the queries & get on with other issues - but to overlook these... Then

why ^{are we pursuing:} Kay Bailey Hutchison - using ^{state} employees for personal errands

Packwood & his sexy dancing
Past Tense: Clarence Thomas - did Anita Hill get financial rewards?
No facts & 4 yr old allegations.
Entire Reagan-Bush years even his illnesses. Nothing

2

was not open to investigation without
corroboration. "wide open territory for complete coverage,

Financial Rewards abound for
Woodward & Bernstein Re: uncorroborated
information which led to Watergate.

Woodward later used an Iranian soldier
as source of info. for Iran Contra. The
relentless pursuit of Oliver North, pulling down
of Pres. Reagan, His family (all families) (North, Bush, Quayle)
Astrology, classes not returned. Children problem.
All open season on the Pres. But now that
it's Clinton... How horrible of the media
to bring the facts (not uncorroborated)
people willing to stand & more could be
investigated and the media hesitates.

Why? If this was Bush, Quayle, Reagan no problem for Media
to pursue. Look at Tower, Borik, Thomas for for less they were "destroyed"
in public.

Thank you again for bringing this
situation before those of us who are so
busy working hard to pay our way & do the
right things. We seldom have time to
scan the back pages where these articles
most often appear...

So many "spins" on everything that
comes out of the White House & the media
never questions the obvious contradictions.
Glad to have you presenting all... for us
to hear. Please stay on the Vince Foster issue. He deserves
better than what he got. Sincerely, [redacted]
