O.TOCQ

I watched C-span last year when you aired a show from Tocqueville France. I really don't want to enter the contest, but unfortunately I didn't know where to write until I saw this address on the screen and decided to vent my "fury" at last year's conclusion of the show. These counts who are so nicely ensconced in their "chateau" ought to think twice and perhaps more about saying that America should not be the main speakers for the world! Just let them know that without the sacrifice of thousands of young americans fighting the Nazis, their beautiful chateau would still be in the hands of the "boches," the right name the French gave to the Germans. They would be sitting outside and be-
wailing their lot! The arrogance of the French should be tamed as I witnessed during WW II the poor fighting ability of their soldiers and to-day they only confirm the cowards they are!!

Who needs enemies with "allies" like these? America should beware of the french as they are traitors ready to sell their souls for a few 'bucks -

The betrayal of the jews amongs them during the Nazi era only proves my point. Don't trust a frenchman!

I hope the host of this show (last year) will finally see the french for who they are!
