Dear C-SPAN,

Our family relies heavily on your network rather than the major networks for honest and un-biased coverage of the news. It was with great anger and sadness that we were bombarded with the hateful and bitterness that spewed from the mouth of your guest, Jules Witcover, last evening during the coverage of Mr. Nixon's funeral proceedings.

It was a shameful performance on his part and whoever was responsible at C-SPAN for allowing him to speak, especially at that time, should be shown the door - permanently !
