Dear Mike Siegal,

Greetings from Newport, Rhode Island. My husband and I thoroughly enjoyed your recent exposure on C-Span. It was so refreshing to hear AND see you after our unwanted departure from the Evergreen State. It has made us both quite homesick. The topics, as usual, were enlightening and thought provoking. As veterans of the Tea Bag Revolution, we were very intrigued. Talk radio here, on the "right ?" coast, has left us lacking and bored. I won't even go into the accent problems. Thanks so much for the trip back to the Northwest and it was great hearing KING 1090 again.
