Dear Brian - It has been my intention for months to call "C" Ivan, but it's just not in "my picture,"

Hence, the Fax.

I always want to come through the T.V. set when you and your guests are speaking of "The Crime" problem in this Country. How did we come to this? Why? When? To me this is closing the barn

after the horse is stolen!

Remember "Watergate"??

If Mr. Nixon had been dealt with properly - made the Villian he was - impeached - it might have been the beginning of "you get what you deserve" if you break our laws.

Of course, some of his men did pay the penalty for him -- he saw to it that he came out as "innocent."

Then, on to Reagan and the Contras - to Ollie North, who should have been fined heavily and spent years in jail. That would have shown our young folks that Crime does not Pay!

There is a T.V. ad that I hope (over)

everyone will see.

A young boy, about 10 yrs. old, is Talking to a friend on the Phone, while watching his Dad Watch T.V. He says "Yea, my father was able to get Cable without Paying for it." "I wish I were a grown-up so I could get away with Cheating and lying!"

Is this his legacy? Their legacy?

What next?!

Sincerely,

P.S. "C" Star is a favorite for me.
Thank you, Brian, for it.
