Dear,

Brian Lamb,
Don't despair,
Withstand those surly buffeting,
Criticisms from malcontents,
Where freedom of speech,
Permits bigots, cranks, professional
nay-sayers,
To advocate ^{their} points of view, as true.

Stay non-committal,
As you are,
With that sheepish grin,
That quizzical eye,
Suggesting mild surprise,
At prejudiced Tommy Rot
Called-in.

Years of program watching
Prove you are
An essentially fair, objective,
Serious man, (pleasant too)
Whom everyone, including me
Thanks uncondit, onally
For C. Span.

P.S. Unable to reach you by phone, I responded to
your remark this A.M., "today has been rough",
with the above attempt to cheer you-up!
C. Span has convinced me of the extent of
lapsed intellect abroad in the land -
Finally.

Somers, N.Y.
